NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

The Health Insurance Portability & Accountability Act of 1996 ("HIPAA") is a federal program that requires that all medical records and other individually identifiable health information used or disclosed by us in any form, whether electronically, on paper, or orally, are kept properly confidential. This Act gives you, the patient, significant new rights to understand and control how your health information is used. "HIPAA" provides penalties for covered entities that misuse personal health information.

As required by "HIPAA", we have prepared this explanation of how we are required to maintain the privacy of your health information and how we may use and disclose your medical information.

We may use and disclose your medical records only for each of the following purposes: treatment, payment and health care operations.

- Treatment means providing, coordinating, or managing health care and related services by one or more health care providers. An example of this would include teeth cleaning services.
- Payment means such activities as obtaining reimbursement for services, confirming coverage, billing or collection activities, and utilization review. An example of this would be sending a bill for your visit to your insurance company for payment.
- Health care operations include the business aspects of running our practice, such as conducting quality assessment and improvement activities, auditing functions, cost-management analysis, and customer service. An example would be an internal quality assessment review.

We may also create and distribute de-identified health information by removing all references to individually identifiable information.

We may contact you to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that may be of interest to you. Any other uses and disclosures will be made only with your written authorization. You may revoke such authorization in writing and we are required to honor and abide by that written request, except to the extent that we have already taken actions relying on your authorization.

You have the following rights with respect to your protected health information, which you can exercise by presenting a written request to the Privacy Officer:

- The right to request restrictions on certain uses and disclosures of protected health information, including those related to disclosures to family members, other relatives, close personal friends, or any other person identified by you. We are, however, not

required to agree to a requested restriction. If we do agree to a restriction, we must abide by it unless you agree in writing to remove it.

- The right to reasonable requests to receive confidential communications of protected health information from us by alternative means or at alternative locations.
- The right to inspect and copy your protected health information.
- The right to amend your protected health information.
- The right to receive an accounting of disclosures of your protected health information.

DENTAL “BENEFITS” ACKNOWLEDGEMENT

It is our goal to provide the best dentistry for you. In order to do this, it is important that we do not allow dental benefits to be a determining factor in the diagnosis. Your treatment will be based on your needs, and we assume that you are as concerned as we are about maintaining your good health.

The term “dental insurance” is misleading. What is commonly known as “dental insurance” is more correctly termed dental “supplement”. Dental benefits are not intended to pay everything, but to assist with the costs of dental treatment. Generally, dental benefits pay a percentage of each procedure up to a set yearly maximum. The benefits available to you are established by which plan package your employer has purchased, and it is possible your employer may change your benefits package at will without notifying our office. To avoid confusion, we recommend that you call your insurance carrier on the day prior to having any dental treatment to ensure eligibility and that the dental treatment estimate presented by our office is consistent with your employer’s most current benefit package. Please let our office know if we need to be aware of any inconsistencies.

As a courtesy to you, we will submit claims to your dental plan carrier. We also accept benefit assignment, meaning that we will estimate expected benefit payment and allow you to pay your estimated portion at the time services are provided. However, we do not guarantee an estimate and should your dental plan pay less than expected, you are fully responsible for the balance. We cannot take responsibility for any denial by your dental plan(s).

We value you and your family as patients and friends. We strive to do our very best in accurately estimating your patient portion responsibility, however, your dental health is our first concern. We welcome any comments or feedback on how we can better assist you.

I have read the above information and understand that I am responsible for familiarizing myself with all aspects of my benefits. I also understand that I am responsible for charges not covered by my plan.
